WORK EXPERIENCE

Niltech Edu

Feb 2024

Web Technologies Intern

- Completed a Web Technologies Internship; worked with **HTML, CSS, JavaScript, and responsive design**.
- Strengthened front-end development and debugging skills; received Internship Completion Certificate.

Skyscanner (Forage)

Jun 2026

Front-End Software Engineering Job Simulation

- Completed front-end engineering tasks through Skyscanner Forage virtual experience program.
- Developed a Backpack **React Web Application using React.js**, component-based architecture
- Utilized React.js best practices to build reusable components and maintain a clean, scalable front-end code structure.

EDUCATION

St. Martin's Engineering College, Hyderabad, India

2023 – 2027

B.Tech in Computer Science Engineering | CGPA: 8.5/10

New Chaitanya Junior College, Telangana, India

2021 – 2023

Intermediate (10+2) | 94.9%

PROJECT

DataViz 📄

ReactJS, JavaScript (ES6+), HTML5, CSS3

- Developed DataViz, an interactive web application for visualizing structured data through intuitive dashboards.
- Applied object-oriented programming principles to maintain clean, scalable code architecture.
- Focused on responsive design and front-end optimization for consistent user experience across devices.
- Built using **ReactJS, JavaScript (ES6+), HTML5, and CSS3** with emphasis on maintainability and performance.

SkillBridge 📄

Figma, Design Systems, Prototyping

- Designed SkillBridge, a **UI/UX project focused on creating intuitive user experiences** and structured workflows.
- Created wireframes and high-fidelity prototypes to define system features, layouts, and interaction patterns.
- Designed user interaction flows based on usability principles and responsive design practices.
- Applied design system methodologies to maintain consistency across UI components and screens.
- Built using **Figma, Design Systems**, and Prototyping with focus on user-centered design.

SKILLS

Frontend Development: ReactJS, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Responsive Web Design

Programming: Python, MongoDB, SQL

Core Concepts: OOP, Component-Based Architecture, React Hooks, State Management, Responsive Design, Performance Optimization

UI/UX Design: Figma, Wireframing, Prototyping, Design Systems, UX, UI, User-Centered Design

Web & APIs: REST API Integration, JSON, API Consumption

AI Tools & Platforms: Git, GitHub, Vite, npm, VS Code, n8n, Antigravity

Development Practices: Debugging, Problem Solving, Cross-Browser Compatibility, Frontend Performance Optimization, Clean Code Practices

CERTIFICATIONS

- React Fundamentals Certification — Meta
- UI/UX Design Certification — Microsoft
- Web Development Certification — IBM
